

iv) Regarding International Seminar, the Chairman suggested that there is no need to specify any area/region and high quality research papers should only be selected for the seminar.

vi) Based on the past experience in taking up the development works, it was emphasized that IIPS should make all efforts to timely utilize the approved plan budget, especially the new capital components proposed in the Plan.

vii) The Executive Council deliberated on the way the new journal proposed to be started by IIPS should conduct its business. There was an apprehension among members that this would become a media for publishing in house papers and would not maintain the quality. It was decided that only the Managing Editor should be from the IIPS and all other office bearers should be outsiders. Further, the review process of papers would be as per international journals. Accordingly, the IIPS in consultation with Dr. Shireen Jejeebhoy would propose Editorial Board / Committee for approval of the Council.
