

Seeking the following Mumbai-based positions for a collaborative project between the International Institute of Population Sciences (IIPS) and the UCSD Center on Gender Equity and Health and UCSD GEH, focusing on analysis of gender equity and health using NFHS 4 data.

Interested applicants may send a CV, cover letter and 2 writing samples to Dr. Abhishek Singh at abhi.demo@gmail.com by June 08, 2018.

Two Research Analysts, recent PhD graduate in the field of demography, biostatistics or a related field, will be employed at the IIPS Data Center with the primary roles of data management and quantitative data analysis specific to gender analysis. They will be competent in advanced statistical analysis and will have prior experience with NFHS data analysis. Strong communication skills and experience in academic manuscript writing are preferred. The research scientists will report to the IIPS faculty.

The appointment periods for the two positions are 12 months and 30 months respectively, based on an annual performance review and retention of funding.

The position is full-time and based at IIPS in Mumbai, India.
